

**Sea-level workshop program**

Boothzaal, Utrecht University Library (Heidelberglaan 3)

|                    |                                                               |
|--------------------|---------------------------------------------------------------|
| <b>9:00-9:30</b>   | <b>Reception</b>                                              |
| 9:30-9:45          | Introduction                                                  |
| 9:45-10:00         | Future sea-level rise & uncertainties (Roderik van de Wal)    |
| 10:00-10:15        | Impacts and adaptation to sea-level rise (Marjolijn Haasnoot) |
| 10:15-10:25        | Questionnaire outcomes                                        |
| 10:25-10:30        | Introduction breakouts 1 & 2                                  |
| <b>10:30-10:45</b> | <b>Break</b>                                                  |
| 10:45-11:45        | Disciplinary breakout 1                                       |
| 11:45-12:15        | Plenary summaries                                             |
| <b>12:15-13:00</b> | <b>Lunch</b>                                                  |
| 13:00-14:00        | Interdisciplinary breakout 2                                  |
| 14:00-14:30        | Plenary summaries                                             |
| 14:30-15:00        | Plenary discussion of key topics perspective paper            |
| <b>15:00-15:15</b> | <b>Break</b>                                                  |
| 15:15-16:15        | Breakout 3: perspective paper scoping                         |
| 16:15-16:45        | Plenary discussion on community building                      |
| 16:45-17:00        | Final remarks                                                 |
| <b>17:00</b>       | <b>Drinks</b>                                                 |
